Ms. Faye
ATS Project Success
Clinton Township MI

Dear Faye:

Just wanted to thank you for a most wonderful experience. This is the first time I participated in a program such as this, and I was a bit reluctant at first; not knowing what to expect, or how would this really benefit my five-year-old. Within the first few weeks, I realized the tutoring was quite thorough and aimed specifically towards my son's needs. He enjoyed every minute, without realizing how much help he was receiving with letter and sound recognitions. My kindergartner is an excellent reader now (having earned a place as one of the school's best readers, even!) and it's due in great part to your program.

Thank you very much!

Cynthia
